Susan,

Can you add this info (abstract, and link to EBTC, and mention of two specific projects) to Katya Tsaoun's nomination re: the December workshop. I can't tell from her email if she understands that this info should go into the nomination form.

Glinda

Hi Glinda,

Here is an abstract that we think would be relevant for the workshop. The two main projects EBTC is working on are:

1. Methodologies to systematic reviews in toxicology
2. Systematic review of zebrafish embryo test and OECD 414 developmental toxicity test

Thank you.

Katya

Hi Katya,

Can you add information (and a link) describing the EBTC at JHU to your nomination? And just a mention of various topics you could talk about? I just want to make sure we are documenting the breadth of what you have to offer. Thanks

Glinda

Dear Glinda,

Please see attached proposal. Let me know if you have any comments. If not, we will submit it through the web site as instructed. Thank you very much in advance for your willingness to review it!

Sincerely,

Katya

Dear Dr. Tsaoun:

As you know, Vince Cogliano is out of town, but your email about our workshop was forwarded to me (through a very circuitous route!). I am helping to organize the December 16-17 workshop, and would be happy to talk with you about your ideas. I am free tomorrow (Wednesday) morning from 10 am to noon, and in the afternoon from 3:00 to 5:00. Would you be available during either of those time periods?

I look forward to talking with you.

Glinda Cooper
